WIZ610wi-EVB	None		
WIZ6000	None		
REASON FOR DISCONTINUANCE:		NOTE	
<input type="checkbox"/> Obsolete Design/Process Technology <input checked="" type="checkbox"/> Obsolete Package/Assembly Technology <input type="checkbox"/> Declined Market <input type="checkbox"/> Other :		Qualcomm Atheros had already announced the discontinuation of its WiFi chip used in WIZ610wi, and no additional production from now on. Therefore, we have no choice but to discontinue WIZ610Wi & its related products. We are requesting distributors to allow twelve months for further orders from the end customers.	
DISTRIBUTORS NOTIFICATION :			
<p>As a result of discontinuance reason(s) listed above, WIZnet has decided to discontinue certain products and notify you through this Product Discontinuance Notice (PDN). We strongly recommend you to not promote the affected parts and take appropriate steps for the customers who are using the parts. We do not have any direct replacement solution for WIZ610wi. However, WizFi630 is similar with WIZ610wi in terms of main functions and user interface. If the customer wishes to continue using WIZnet's WiFi solution, we strongly recommend WizFi630 as replacement. At this moment, it is already very limited to obtain sufficient stock of the WiFi chip. In addition, we already received confirmation from QCA that there will be no production in the future.</p> <p>Wiznet has calculated the demand quantities per year for WIZ610wi, WIZ610wi-EVB, & WIZ6000. As result, we concluded 14Kpcs will be enough for 2015. WIZnet will obtain 15Kpcs in stock for 2015. This will be the absolute Last Buy. Therefore, each distributor should check the requested volume from each customer and contact our branch office.</p>
